The DX57W-5! New Doosan 5t Stage IIIB Compliant Wheeled Excavator

Dear Doosan Partner,

Incorporating many new features that increase **performance, durability and fuel efficiency**, the **DX57W-5** ([link to website](#)) **does it all on your work site:**

- Combines 360° rotation benefits for better visibility & adaptability to any work site,
- Brings the large hydraulic capacity of a tool carrier,
- Works in narrow spaces thanks to boom swing,
- Travels with unparalleled speed (up to 20 or 30 km/h, depending on country regulations).

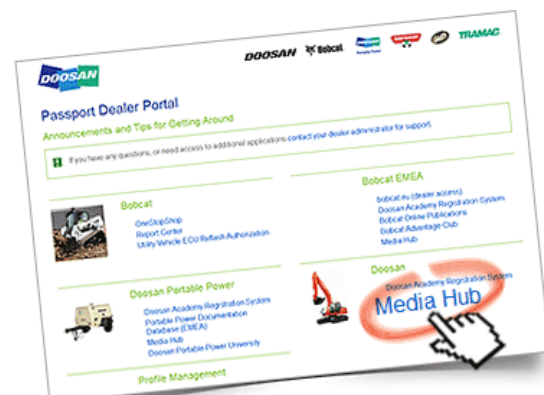

And combine all this with an extra reach of above 6 meters and huge lifting capacities, thanks to front axle lock & balanced weight distribution. Plus, you get the comfort and reputation of Doosan heavy line excavators!

Discover more about these products – and download the **collections** we have prepared for you – on the Doosan **Media Hub** (via Doosan passport)
